PROFESSIONAL SUMMARY

Joshua is a creative and detail-oriented Video Editor with over 8 years of experience crafting compelling visual stories across digital, commercial, and narrative formats. Skilled in both long-form and short-form content, he specializes in transforming raw footage into engaging, high-impact videos that resonate with audiences. Proficient in industry standard editing software and AI-powered tools, Joshua streamlines workflows, enhances storytelling, and delivers polished projects efficiently without sacrificing quality.

WORK EXPERIENCE

Chili Piper

New York, NY

Video Editor

Feb 2022 - Jan 2026

- Coordinated with marketing teams to conceptualize and produce over 30 custom videos, boosting brand visibility by increasing audience engagement metrics by 40% within six months.
- Translated complex client requirements into compelling visual narratives through detailed analysis of project briefs, achieving a 95% approval rate on first submissions and reducing revision cycles by 20%, accelerating project delivery timelines.
- Lead creative teams to develop integrated cross-platform campaigns, resulting in a 50% increase in content performance metrics and expanding overall reach across digital channels by 35%.

Masterclass

New York, NY

Video Editor

Oct 2020 - Feb 2022

- Managed up to 15 concurrent long-form and short-form video projects within a fast-paced 10-day production cycle, improving delivery efficiency by 25% and raising on-time completion rates from 75% to 95%.
- Implemented standardized audio editing protocols that reduced post-production time by 20% while ensuring consistent, broadcast-quality sound across all client assets.
- Utilized Adobe Premiere Pro to craft engaging edits with precise pacing, transitions, and storytelling tailored to audiences.
- Optimized content for multiple platforms (YouTube, Instagram, TikTok, and web), tailoring aspect ratios, pacing, and storytelling techniques to maximize audience retention and engagement.

Videomancy Productions

New York, NY

Founder

Jan 2018 - Mar 2020

- Led the full-scale production of the award-winning feature film Alienated, earning Best Feature at LIFEE and increasing festival selections by 40%, significantly elevating industry recognition.
- Managed and optimized a \$1M+ production budget, strategically reallocating resources to enhance visual quality while reducing overall costs by 15%, maximizing ROI.
- Coordinated with festival representatives, distributors, and press outlets to promote the film and scale its reach.
- Directed cross-functional creative and partnerships production teams from development through post-production, ensuring cohesive storytelling and high production value throughout the filmmaking process.
